

PERCUSSION AUDITION PROCEDURE for 2020

(changes are highlighted)

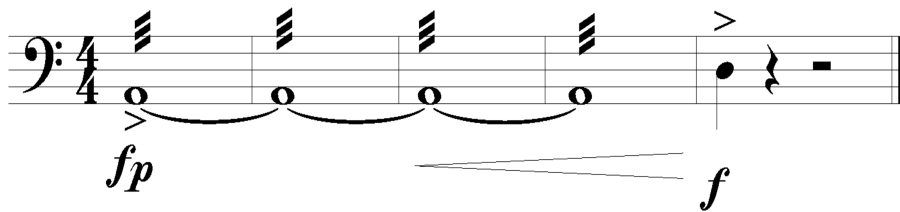

Etudes: Students will audition in all 3 areas. There will be one etude per area.

Chromatic Scale/Rudiment: The student will perform this technique on all 3 instruments.

AUDITION LITERATURE

Timpani

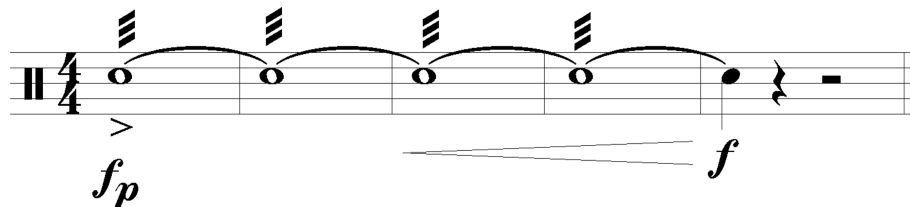

Rudiment: Students will play a forte piano crescendo roll from a low A ending on D over 16 counts at Q = 120. Use the 29" and 26" drums. These are the most standard of the 4 drums. These pitches are in the "sweet spot/range" of each drum. Please see below:

Etude: Timpani Rondo pg. 38 from *Timpani Student Level Two* by Sandy Feldstein. Play lines 1 – 5 and stop at the 4 measure rest.

Snare:

Rudiment: Students will play a forte piano crescendo multiple bounce buzz roll over 16 counts at Q = 120. Please see below:

Etude: Exercise #18 pg. 30 from *Intermediate Snare Drum Method* by Mitchell Peters. Start at line 5 (measure 19) and play to the end.

Keyboard Percussion:

Record on Xylophone or Marimba. These keyboard instruments are the best for proper mallet technique. Avoid bells if possible as the striking area is so small.

Rudiment/Scale: Students will play a two octave Chromatic scale.

Etude: The Secret pg. 39 #2 from *Mallet Student Level Two* by Sandy Feldstein. No repeats = play straight through and omit the first ending.
